1. Required square footage for leach field on approved plan \_\_\_\_\_
2. Actual square footage of installed leaching area \_\_\_\_\_
3. Actual linear feet of trench or system installed \_\_\_\_\_
4. Type of septic system installed (i.e., 4' X 1' trench, dry wells, etc.) \_\_\_\_\_
5. Capacity of installed septic tank is \_\_\_\_\_ gallons. Pump Chamber \_\_\_\_ Yes \_\_\_\_ No
6. Does the septic tank have an outlet filter? \_\_\_\_\_
7. Minimum distance between building foundation and septic tank = \_\_\_\_\_ feet.
8. Minimum distance between building foundation and edge of leaching system - \_\_\_\_\_ feet.
9. Is building connected to a public water supply? \_\_\_\_\_
10. Minimum distance between sewage disposal system and nearest well = \_\_\_\_\_ feet.
11. Minimum distance between edge of leaching system and property borders - \_\_\_\_\_ feet.
12. Were distribution boxes set level or overflow? \_\_\_\_\_
13. Was leaching system surrounded with required amount of stone? \_\_\_\_\_
14. What type of pipe was used from building foundation to septic tank? \_\_\_\_\_
15. Was leach field covered with filter fabric? \_\_\_\_\_
16. What type of solid pipe was used after the septic tank? \_\_\_\_\_
17. Was there any deviation from the original planned system? \_\_\_\_\_  
If yes, explain on a separate sheet.

The undersigned installer hereby certifies this private subsurface sewage disposal system conforms to all applicable state and local codes and ordinances and the information supplied is substantially correct.
